TITLE INSURANCE AND TRUST COMPANY

Capital and Surplus \$10,000,000

CALIFORNIA'S LARGEST TITLE INSURANCE COMPANY

*Serving Los Angeles
for Thirty-six Years*

PROTECTING YOUR POLICY OR YOUR TRUST

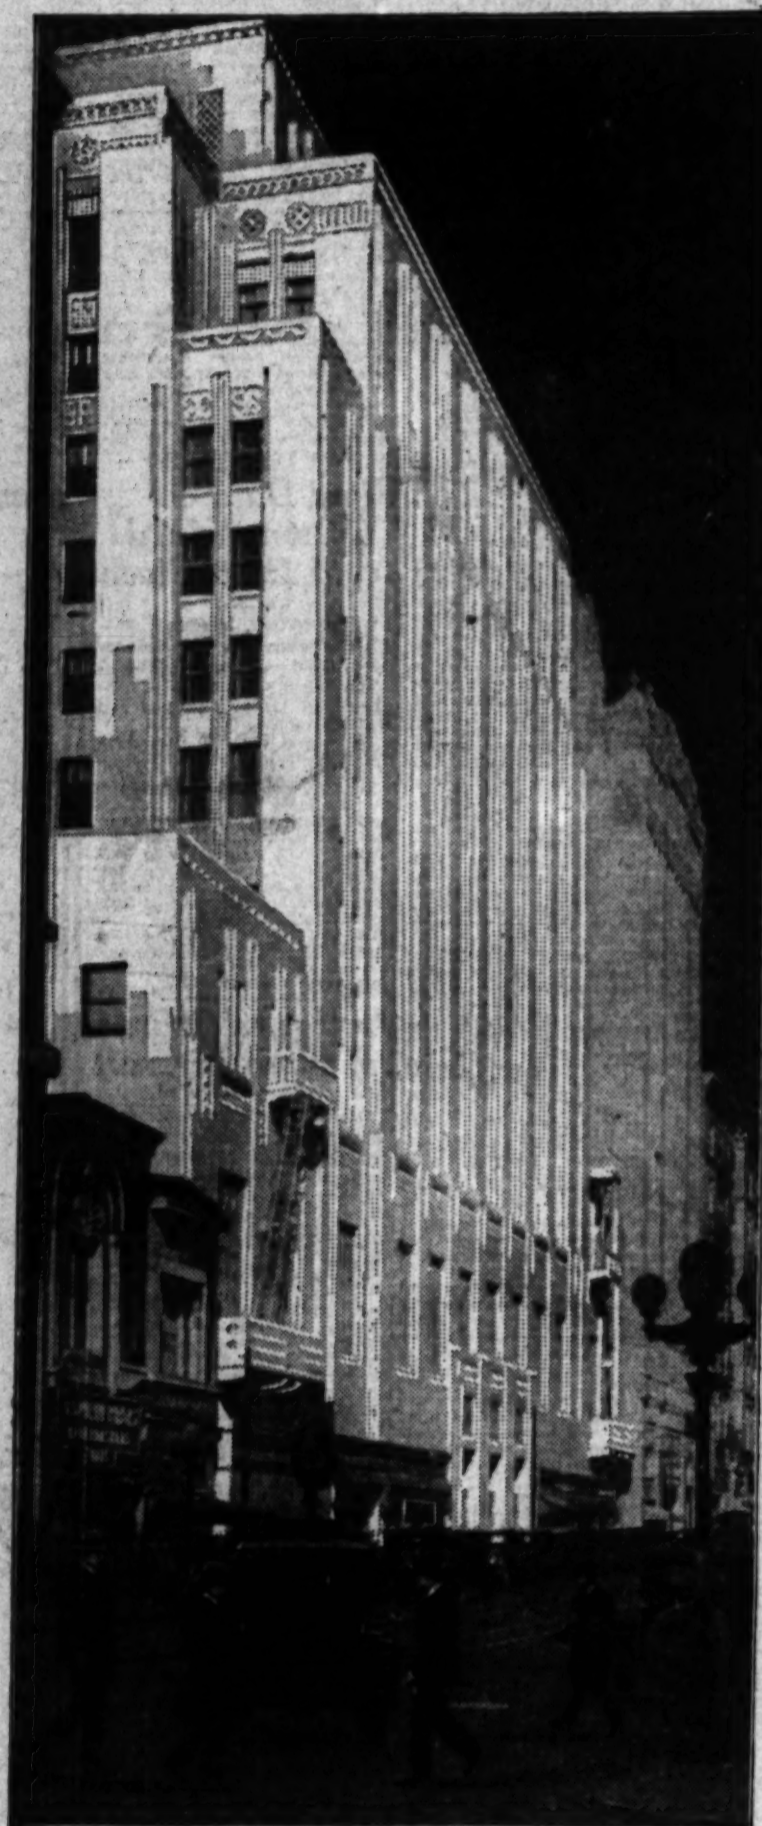

TITLE Insurance and Trust Company is one of America's great title and trust companies. Its more than \$10,000,000 of capital assets exclusive of its valuable Title Plant give it a financial standing which is never questioned.

This company is not a bank. It does not receive deposits nor does it accept banking accounts of any kind. The many millions which it holds in its trust department are not represented in its financial statement, for this great sum does not belong to the company but is held by it as executor or trustee for individuals, corporations or estates.

Not only is this one of the country's greatest title and trust companies but perhaps no other similar company in the nation is housed in a building which so combines beauty with efficiency, for the Title Insurance Building, recently completed, was built expressly to meet the needs of the company's business and represents the most advanced architectural and engineering thought.

WHO OWNS THIS COMPANY?

Nearly all of the company's stockholders reside in Los Angeles County. A few shares of its stock are owned outside of Los Angeles County and a few shares are owned outside of the State of California, but about twenty-nine thousand five hundred shares of the thirty thousand shares issued are owned by citizens of Los Angeles County,

YOU ARE INVITED TO INSPECT THIS GREAT INSTITUTION

Here at 433 South Spring Street is one of the most perfectly appointed "Humanized Business Machines" in the World. It is not necessary to wait until you have business with the company—simply come into the building, tell the elevator starter that you would like to look over the building and a guide will be furnished.

many of whom have owned the stock since 1893, the date of the organization of the company. No individual owns enough stock to control the company.

Customers availing themselves of the splendid service and ample financial resources of this company will doubtless be pleased to know that they are patronizing a home institution which was built up by Los Angeles County people, has always been owned by them, and is today almost entirely owned by citizens of Los Angeles County.

It is in every way a great home institution of which Los Angeles County people and all of Southern California are justly proud.

WHAT SERVICE DOES THE COMPANY OFFER?

In its Title department

the company issues policies of Title Insurance* to owners of real estate, or to those who lend money with real estate as security, insuring them against loss due to defective Titles.

In its Trust Department

the company acts as executor and trustee under wills, as trustee under real estate and sub-division trusts, as registrar and transfer agent, as custodian for securities and all other trust capacities.

In its Escrow Department

convenient and attractive service is offered for the swift and accurate handling of real estate transactions. Twenty escrow booths line a corridor two hundred feet long.

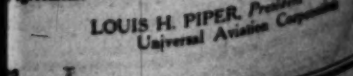

*Both Policies of Title Insurance and Guarantees of Title are written, but Title Insurance is recommended because of the greater protection offered at no additional cost.

GARAGE IN THE BUILDING.... Free Parking in the Building for Customers: The Garage Entrance is at the North End on Spring Street

HIGH LIGHTS IN HISTORY 1294

The Story of the World War 64—The French Drive, Spring, 1915.

by J. CARROLL MANS

IN MAY, 1915, THE FRENCH MADE A GREAT DRIVE TO SMASH THROUGH THE GERMAN TRENCH BARRIER BEFORE ARRAS ON THE WESTERN FRONT. THE CAMPAIGN OPENED WITH AN ATTACK (MAY 9TH) ON THE GERMAN POSITIONS AT SOUCHET BY TROOPS UNDER GENERAL FOCH.

ON THE HEELS OF A TERRIFIC "BARRAGE" THE FRENCH INFANTRY ADVANCED TO THE GERMAN LINES AND A SERIES OF FIERCE STRUGGLES TOOK PLACE IN THE LABYRINTH OF TRENCHES. THE FIGHTING SPREAD ALONG THE LINE UNTIL ONE GREAT, CONTINUOUS BATTLE WAS IN PROGRESS OVER A WIDE SECTOR.

THE GERMANS STUBBORNLY CONTESTED EVERY FOOT OF THE WAY. ALL THROUGH MAY AND JUNE FIGHTING OF THE MOST DESPERATE NATURE WENT ON ALMOST WITHOUT INTERMISSION. IN THAT TIME THE FRENCH MADE A FEW SMALL GAINS, BUT AT A DREADFUL COST. BY THE MIDDLE OF JULY THE GREAT DRIVE CAME TO AN END.

REPEATED ASSAULTS WERE MADE ON THE GERMAN POSITIONS NORTH OF ARRAS. THE FRENCH REMAINED CONVINCED THAT THE CORRECT TACTICS AND PLANNING WERE THE KEY TO A GREATER OFFENSIVE FOR THE FUTURE.
